Colons

A **colon** is a type of punctuation mark that is used to introduce a series of items, introduce a quotation, or emphasize information.

A **colon** looks like two dots on top of each other. 

The most important rule is that the words that follow a colon MUST be *directly connected* to the words before the colon.

I can correctly use a colon in a sentence.

Colons can be used to introduce a series of items.

Following an **independent clause** that introduces the topic of the list, a **colon** would be added followed by the items in the list.

- **Jeremiah requested songs at the dance:** "Dance Monkey," "Live It Up," and "Let's Get Loud."
- **I only like this seafood:** tuna, salmon, and lobster.

Daily Practice

Add a colon before the series of items.

- Aaliyah's farm has several animals donkeys, cows, and horses.
- I owe my gratitude to my teachers Mr. Willis, Mrs. Black, and Mrs. Martin.
- Terry orders the same toppings on his pizza cheese, ham, and olives.
- My mom's gifts were the best a new dress, new shoes, and a camera.

I can correctly use a colon in a sentence.

Colons can be used to introduce a quotation.

Following an **independent clause** that introduces the quote, add a colon followed by the direct quote.

- **Nelson Mandela made the most profound statement:** "Education is the most powerful weapon which you can use to change the world."
- **My mom, who is a nurse, says the same thing every day:** "Doctors may save lives, but I save the doctors."

Daily Practice

Add a colon before the quotation. Highlight the independent clause and underline the direct quotation.

- Billy Joel's classic lyric is my daily motto "We never knew we could want more than that out of life."
- Every time I ask for something, my father replies the same way "Show me the money!"
- Mr. Pittman starts every class the same "Start fresh to see the opportunity in each day."
- Jeremy ended his presentation with a strong quote "Words may inspire, but action creates change."

I can correctly use a colon in a sentence.

Colons can be used to *emphasize* information.

A colon can separate **two independent clauses** when the second clause is *directly related* or when the second clause is *emphasizing* the first.

- **Good Will Hunting is not just a movie: It can truly change your life.**
- **Mrs. Matthews brought cookies to class: She wanted to reward our good behavior.**

Daily Practice

Add a colon between the independent clauses. Highlight the first clause and draw a line under the second clause.

- The principal had secret talents He could play the drums and sing really well.
- Madonna is one of the most iconic artists of the 20th century She is called the Queen of Pop.
- Montreal has a population close to two million It is the second-largest area in Canada.
- Penguins are flightless birds They can't fly, but they can swim well.

I can correctly use a colon in a sentence.

Colons introduce lists or quotes or emphasize an **independent clause** with another directly related independent clause.

A **colon** will always have an **independent clause** first, where the **colon** will replace the period before adding the additional information. After the **colon**, a capital letter is only needed if there is a **proper noun** or a **second independent clause**.

- **Maggie wants to visit her favorite city: Paris.**
- **Mrs. Alvarez stopped class to make an announcement: The project is due tomorrow.**

Daily Practice

Add a colon where it belongs in each of the following sentences.

- Sylvia tried to keep me grounded after getting the first interview "Don't count your chickens before they hatch."
- Mrs. Griffin had the best qualities in a therapist patience, kindness, and understanding.
- Swimming is one of the best forms of exercise It works your whole body.
- I've got my eye on three cars an Audi, a Charger, and a BMW.

Colons Assessment

Add a colon to each sentence where needed.

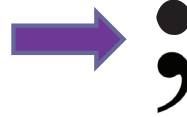

- My dentist says the same thing at every visit "You only have to brush the teeth you want to keep."
- A Tesla is more than a fuel-efficient car It protects the environment and is easier to care for than other cars.
- Allison requested that we all bring different dishes appetizers, main courses, and desserts.
- During the poll, 90% of the people chose the same person Robert.
- There's only one way to be nominated complete all tasks on time.

Semicolons

A **semicolon** is a type of punctuation mark that is used to join two **independent clauses**, replace commas in a **serial list**, and with **conjunctive adverbs**.

A **semicolon** looks like a comma under a dot.

I can correctly use a semicolon in a sentence.

Semicolons can be used between two **independent clauses** that are closely related and share a logical connection.

- Kyle ordered dessert after dinner; he wasn't worried about calories.
- I had to ride the bus to school; my mom had an early meeting.

Daily Practice

Add a semicolon between the two independent clauses.

- Reagan wants to go to the museum it's free for students today.
- The band had a horrible sound I tried to enjoy the event anyway.
- Terry doesn't want to go inside he is afraid of the dog.
- The team practiced all day on Saturday they still lost the game.

I can correctly use a semicolon in a sentence.

Semicolons can be used between two independent clauses instead of using a coordinating conjunction (for, and, nor, but, or, yet, so).

- Cecilia asked for a new paper, but there weren't any extra copies.
- Cecilia asked for a new paper; there weren't any extra copies.

Daily Practice

Rewrite the sentences without a coordinating conjunction.

- The line at Starbucks was really long, so I was late to school.
- The pen's cap was missing, but the ink didn't dry up.
- Jesse likes all music genres, but he prefers jazz.
- The desk was just the right size, and it fit in my room perfectly.

I can correctly use a semicolon in a sentence.

Semicolons can be used in a **serial list** where the items already have commas. The semicolon separates the items.

- The author visited **Tokyo, Japan**; **Paris, France**; and **London, England**.
- The highest enrollment in Florida colleges are **UCF, Orlando**; **FIU, Miami**; and **UF, Gainesville**.

Daily Practice

Rewrite the sentences with semicolons.

- The honors classes are taught by Mr. Samuel, ELA, Mrs. Rogers, math, Mrs. Drake, science, and Mr. Baladi, social studies.

- Our dinner choices are steak, potatoes, and broccoli, chicken, rice, and green beans, or pizza and breadsticks.

- My father introduced me to John, a lawyer, Toby, an accountant, and Magdalena, a CEO.

I can correctly use a semicolon in a sentence.

Semicolons can be used between two independent clauses when using a conjunctive adverb.

Common conjunctive adverbs include:

moreover, however, therefore, likewise, nevertheless, indeed.

- I'm not fond of that perfume on me; however, the scent smells wonderful on my sister.
- My teacher never warns the class about quizzes; therefore, I review my notes each night.

Daily Practice

Add a semicolon to the sentences below.

- Energy drinks are known to be bad for your health moreover, they don't taste good.
- Rain was forecasted during the game nevertheless, the school chose not to cancel it.
- Alexa wanted to go for a walk also, she needed to pick up milk at Publix.
- Alligators are found in many waterways in Florida likewise, they can be dangerous to small pets that get close to the water.

Semicolons Assessment

Add a semicolon to each sentence where needed.

- You might be strong enough to lift the box however, you could still hurt yourself.
- The computer was a touchscreen I still used the mouse.
- The award winners are Lewis, Carol, Smith, Joseph, Blackman, Amelia, and Haynes, Daniel.
